Les Petits  
RICHART  
RICHART  
LA MAISON DE LA DÉGUSTATION

Our most popular tasting indulgence, the Petits RICHART collection takes you away for a voyage of the body and soul.

**Balsam, Roasted, Fruity, Citrus, Herbal, Floral and Spicy...**  
To guide you through the tasting journey, La Maison RICHART has created the concept of Aromatic Families. This would enhance the tasting experience by increasing one's enjoyment and knowledge of what is being tasted.

When usual chocolate bonbons weigh twelve grams, La Maison RICHART removed the sugar and cocoa butter that were not needed for your pleasure, keeping only the most noble ingredients concentrated in four grams. As a result, the flavors of our seven aromatic families, trapped in their Venezuela Criollo dark chocolate shell, are waiting for your signal to explode. Let the fireworks begin.

## BALSAM\*

This is a return to the source of dark chocolate - strong, well-rounded and delicate. Each comes from distinct geographical regions and botanical origins. Every balsamic flavor is a silky ganache of fine aromatic cocoa.
